Since 2011, Kiva US and its 20+ local partners, whom we call Hubs, have supported over 6,000 small business owners in accessing nearly \$30M in interest-free capital, creating an opportunity for the most excluded entrepreneurs in our country. Kiva borrowers are...

- 68% female
- 71% minority
- 60% were previously rejected from other capital
- 58% have a credit score below 650

Kiva uses crowdfunding to enable everyday people to pool small lending contributions (as little as \$25) to create loans for entrepreneurs in communities that need it most.
